### 2.1.2 Before Connection

To assure your the mini box hub to connect to Wi-Fi, it will need to meet the following requirements:

- Please make sure your mobile device is connecting with 2.4GHz Wi-Fi before using HOMGAR app. The hub has to keep staying under 2.4GHz Wi-Fi to work normally.
- When to start and keep Wi-Fi connection, please keep the power on to make sure the hub works normally.
- **iOS Requirements:** Mobile device with iOS 11.0 (or higher) with cellular or Wi-Fi service.
- Android Requirements: Mobile device with Android OS 6.0 (or higher) with cellular or Wi-Fi service.
- Please do not use public Wi-Fi networks.
- The hub and your mobile device are better to be within 10 feet (3m) during pairing.
- If you need to change the working Wi-Fi network, press and hold the button on the hub to reset your hub and reconnect.

#### 2.2 Connection

#### 2.2.1 Smart WiFi Connection

Plug on **the mini box hub** near the router and follow the steps below to connect:

 After register account and get into the APP page, find "+" button on the top right corner of the APP's Home Page.

 Select "Mini Box Hub", then enter the Wi-Fi information and go next.

 Follow the guide on the APP to press and hold the button on the mini box hub for about 5 seconds until the connecting indicator quickly blinks.

Select the check box and go "Next" to start searching devices.

• When device found, please click "+" to add the device and edit the device name as your like.

#### Tips:

If you can't connect to the hub through the smart WiFi connection mode, please try the next AP connection mode or contact the customer support team. **Email:** support@rainpointonline.com

#### 2.2.2 AP Connection

 When in the connection step before searching, click Switch Mode in the upper right corner to switch to AP connection.

Follow the guide on the APP to press and hold the button on the hub for about 5 seconds until it quickly blinks. And then **short press the button again**.

When the Hub LED flashes slowly, tick the checkbox on the APP, click "Next", then follow the wizard and click "Go Connecting" to connect your phone to the hotspot (HomGar\_xxxx).
